Public File

In preparing its license renewal filing, the Station conducted an audit of its online public file. It determined that the 3Q 2017 Issues and Program Report was uploaded on 1/9/2018.

Also note that the 1Q 2016 Children's Programming Report was timely filed on 4/8/2016, however, due to a problem with the form, it was marked as the 2Q report. Licensee filed a corrected report on 4/13/2016.

The Station is committed to uploading political file material as soon as possible consistent with Commission guidance. In reviewing the political file material uploaded over the past two-years, the Station determined that a very limited number of orders were not uploaded within one business day. The licensee regularly provides training for staff responsible for uploading political file material to the online file to reinforce the importance of uploading all political material promptly.
