

**Certification Regarding Compliance with
Section 73.3526 of the FCC's Rules During the Preceding License Term**

Upon review of its Public Inspection File to determine whether documentation required by Section 73.3526 of the FCC's Rules has been uploaded when required, Applicant found that the Commercial Limits Certification for Fourth Quarter 2015 (due on January 11, 2016) was uploaded on January 13, 2016 and that some political file materials were not uploaded to the Public Inspection File within one business day of receiving the request for time. Additionally, while Applicant retains a list of all documents required to be disclosed under Section 73.3613 in its Public Inspection File, some documents were not added to the station's Section 73.3613 list within 30 days after execution. An updated Section 73.3613 list was included in the station's most recent biennial ownership report.

Applicant will continue to remind station staff of Public Inspection File requirements and will continue to provide training to station staff to enhance the station's compliance with Public Inspection File deadlines going forward.
