

## **Exhibit**

### **Online Public Inspection File Certification**

Scripps requires its stations to comply with all FCC rules, including the rules for the political public file. Scripps employees are trained on FCC political public file compliance and Scripps has instituted a program under which station political public files are reviewed for completeness and timeliness. Nevertheless, while the Station has substantially complied with the political public file requirements, a few documents may have been uploaded to the political public file outside of Scripps's requirement that all documents be uploaded within one business day. Any such instances were *de minimis*. Scripps will continue to work with its stations to ensure that all political public file materials are uploaded in a timely manner.
