

Timely Filing of License Renewal Application

The license to cover application for K34MX-D, Odessa, Texas (Facility ID No. 125712) (“K34MX-D”), was granted on April 6, 2022, with an expiration date of August 1, 2022. *See* LMS File No. 0000178823. As K34MX-D’s license application was pending at the time that license renewal applications for stations with August 1, 2022 license expiration dates were due (i.e., April 1, 2022), Applicant, Lowcountry 34 Media, LLC (“Lowcountry”), was unable to file K34MX-D’s license renewal application at that time. Accordingly, Lowcountry is filing this instant license renewal application for K34MX-D as soon as possible, and the application is otherwise timely.
