

Request for Silent STA Nunc Pro Tunc

Edge Spectrum, Inc. ("ESI") hereby requests authority for digital low power television station W48DU-D, Albany, GA (FID 184035) (the "Station") to remain silent while ESI completes construction of the Station's displacement facilities. The Station was previously operating at reduced power pursuant to special temporary authority but had to suspend such operations on or around June 1, 2021. ESI has requested tolling of the Station's displacement CP (File No. 52013) and expects to complete construction within the next several months.
