Good morning Mark,  
We have modified KCYM's Virtual Channel to 44 as specified in LMS. Please let us know if you have any questions.  
Thanks,  
Renee

**Subject:** KCYM-LD Virtual Channel

Good morning,  
It has come to my attention that KCYM-LD is operating with virtual channel 45. This is creating an impermissible overlap with Class A station KDIT-CD, and is inconsistent with the virtual channel 44 already specified for KCYM-LD in LMS. Can KCYM-LD's virtual channel please be modified from 45 to 44 to resolve the overlap?  
Let me know if you have questions. Thank you so much.  
Mark
