

Narrative Statement of Circumstances Warranting STA

The Board of Trustees of the University of Alabama (“The University of Alabama”), hereby requests Special Temporary Authority (“STA”) to operate Station WVUA-CD, (Facility No. 70429) Tuscaloosa, AL (“Station”) with an effective radiated power of 7.0 kw down from the licensed ERP of 15 kw until replacement of the Station’s antenna. No other operational variances are sought and the operation of the station will continue at its licensed transmitter/tower site location.

The requested STA is in the public interest as approval of an STA will permit continued service of the Station to the public until purchase and installation of a new antenna and return of the operation of the Station with licensed parameters.
