

KFRE-TV Hosting Arrangements

KFRE Licensee, LLC (“Licensee”), licensee of KFRE-TV, Sanger, CA (Facility ID 59013; RF Channel 36), is filing this application to (1) commence ATSC 3.0 operations from KFRE-TV’s current facility and (2) identify host station facilities that will be used to air KFRE-TV’s programming in ATSC 1.0 format.

As indicated in the Form 2100 application, Licensee proposes to simulcast KFRE-TV’s primary stream (affiliated with *The CW Network*) in ATSC 1.0 format on KGPE(TV), Fresno, CA (FacilityID 56034; RF Channel 34), pursuant to a written hosting agreement with Nexstar Media Inc. (“Nexstar”).

Additionally, to minimize any loss of over-the-air programming available to ATSC 1.0 viewers that might otherwise result from KFRE-TV’s transition to the ATSC 3.0 standard, Licensee also proposes to air KFRE-TV’s multicast stream currently affiliated with the *Charge!* network on KNSO(TV), Clovis, CA (Facility ID 23302; RF Channel 27), pursuant to a written hosting agreement with NBC Telemundo License LLC; the multicast stream currently affiliated with the *TBD* network on commonly-owned KMPH-TV, Visalia, CA (Facility ID 51488; RF Channel 28); and the multicast stream currently simulcasting KMPH-TV’s *Fox* stream on KSEE(TV), Fresno, CA (Facility ID 35594; RF Channel 20), pursuant to a written hosting agreement with Nexstar.

The PSIP virtual channels for each of KFRE-TV’s program streams described herein will remain unchanged. Accordingly, Licensee proposes to air KFRE-TV’s streams in ATSC 1.0 on temporary host facilities as follows:

| Network | RF Channel of 1.0 Host | PSIP Virtual Channel (No Change) |
|-----------------|-----------------------------------|---|
| CW (Primary) | 34.7 | 59.1 |
| Charge! | 27.7 | 59.2 |
| TBD | 28.7 | 59.3 |
| Fox | 20.7 | 26.4 |
