

WTTO(TV) Hosting Arrangements

WTTO Licensee, LLC (“Licensee”), licensee of WTTO(TV), Homewood, AL (Facility ID 74138; RF Channel 21), is filing this application to (1) commence ATSC 3.0 operations from WTTO(TV)’s current facility and (2) identify host station facilities that will be used to air WTTO(TV)’s programming in ATSC 1.0 format.

As indicated in the Form 2100 application, Licensee proposes to simulcast WTTO(TV)’s primary stream (affiliated with *The CW Network*) in ATSC 1.0 format on WIAT(TV), Birmingham, AL (Facility ID 5360; RF Channel 30), pursuant to a written hosting agreement with Nexstar Media Inc.

Additionally, to minimize any loss of over-the-air programming available to ATSC 1.0 viewers that might otherwise result from WTTO(TV)’s transition to the ATSC 3.0 standard, Licensee also proposes to air WTTO(TV)’s multicast stream currently affiliated with the *Antenna TV* network on commonly-owned WABM(TV), Birmingham, AL (Facility ID 16820; RF Channel 20); the multicast stream currently affiliated with the *Comet TV* network on WVTM-TV, Birmingham, AL (Facility ID 74173; RF Channel 7), pursuant to a written hosting agreement with WVTM Hearst Television Inc.; and the multicast stream currently affiliated with the *TBD* network on WBRC(TV), Birmingham, AL (Facility ID 71221; RF Channel 29), pursuant to a written hosting agreement with Gray Television Licensee, LLC.

The PSIP virtual channels for each of WTTO(TV)’s program streams described herein will remain unchanged. Accordingly, Licensee proposes to air WTTO(TV)’s streams in ATSC 1.0 on temporary host facilities as follows:

Network	RF Channel of 1.0 Host	PSIP Virtual Channel (No Change)
CW (Primary)	30	21.1
Antenna TV	20	21.2
Comet TV	7	21.3
TBD	29	21.4
