REQUEST FOR WAIVER

Forsythe Broadcasting, LLC (“Forsythe” or “Applicant”) hereby respectfully requests a waiver of Section 73.3539(a) of the Commission’s Rules, to permit late filing of the subject renewal application. Due to an inadvertent oversight, the Applicant failed to file the subject renewal application by February 1, 2022, and in seeking to prepare the subject application thereafter, realized that it could not locate current password information. The subject application is being filed as quickly thereafter as the Applicant’s realization of its oversight and resetting of its password, and investigation of its records for the preparation of exhibits, allowed, and in advance of the June 1, 2022 license expiration date. The Applicant strives to faithfully serve the Washington Township, NJ community despite its small size and limited financial resources, and respectfully submits that the public interest is best served by accepting the subject renewal application to permit continued service by Station WNJC(AM) to the community it has long served.
