

**PROPOSED MINOR MODIFICATION
Construction Permit LMS-0000165727
NEW NCE Lamar, CO
FACID 764002**

TECHNICAL STATEMENTS

This instant application requests a modification of the Construction Permit for this NEW NCE facility at a modified height and ERP on the authorized operating channel. This application requests a one-step downgrade from Class C3 to Class A. The proposed facility will combine with the facility of application for commonly owned translator station K220GA.

CONTOUR OVERLAP REQUIREMENTS

The attached map of contours depicts the proposed allocation situation with respect to all pertinent co-channel and adjacent channel facilities. All facilities have been depicted utilizing either the maximum ERP or directional pattern data as on file with the commission. AAT data for the proposed facility was derived from the FCC's 30 second database, *ComStudy*.

There is no prohibited overlap of this facility with any other facility in the allocation landscape.

There is no authorized Channel 6 Television station within 196km of the proposed Channel 209-A operation herein.
