Re: KNEC (FM), Yuma, Colorado (FAC# 84353); Request for Extension  
Special Temporary Authority File No. BSTA-20211110AAE.

Dear Madam Secretary:

On the behalf of Media Logic, LLC, ("Licensee"), the Licensee of KNEC (FM), Yuma, Colorado (FAC# 84353) ("Station"), this is to respectfully request an Extension Special Temporary Authority ("STA") granted in BSTA-20211110AAE (STA Authorization Attached).

The Licensee is still waiting on replacement parts as a result of the supply chain slow down. The Licensee does expect it will have the Station back up to full power in the next 90 days, but out of abundance of caution, we respectfully request an extension of this STA for an additional 180 days.

Attached hereto please find the requisite Anti-Drug Abuse Certificate signed by Counsel. Pursuant to FCC *Public Notice*, DA 22-29, (released January 11, 2022) (the "Public Notice") this instant STA Request is being submitted by e-mail to [audiofillings@fcc.gov](mailto:audiofillings@fcc.gov). Should there be any questions regarding this STA Request, please feel free to contact this Office.

Very truly yours,

John C. Trent

### Special Temporary Authority For a Radio Broadcast Station

**Date:** November 17, 2021  
**File Number:** BSTA-20211110AAE  
**Call Sign:** KNEC (FM)  
**Facility ID Number:** 84353

For the reasons provided in the application request, Special Temporary Authority IS GRANTED for continued operation of the station above at reduced power, as needed. The licensee must notify the Commission when licensed operation resumes. See 47 CFR Section 73.1560(d).

This STA authority expires **May 16, 2022**.

A copy of this e-mail will be posted in the FCC's CDBS database under the file number above. Please retain a copy of this authorization for your records.

-----  
**Considerations:**

Licensee must take all steps to ensure that workers and the public are not exposed to radiofrequency exposure in excess of the Commission's exposure limit.

This Special Temporary Authority does not supersede any non-FCC-regulated requirements applicable to the STA-authorized facility. The licensee remains solely and wholly responsible for maintaining compliance with such requirements.

Requests for extension of STA may be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Reduced power STA requests, or extensions thereof, are filed as "Engineering STA", NOT "Legal STA". Incorrect filing results in delays in processing.
