Online Public Inspection File

Rocky Mountain Public Media, Inc. (RMPM), licensee of noncommercial educational television station KTSC, Pueblo, Colorado, reports the following with regard to the timely placement of two (2) items into the station's public inspection file. The KTSC online public inspection file is now complete, but two (2) quarterly issues program lists were uploaded late during the current license term: the 2017 3rd quarter report was uploaded two (2) days late and the 2014 3rd quarter report was uploaded three (3) days late. RMPM regrets the brief delay in the upload of these items but believes that station's online public file is now complete and has been substantially compliant throughout the license term.
