**Online Public Inspection File**

Rocky Mountain Public Media, Inc. (RMPM), licensee of noncommercial educational television station KRMA-TV, Denver, Colorado, reports the following with regard to the timely placement of three (3) items into the station's public inspection file. The KRMA-TV online public inspection file is complete with all required items, but one (1) quarterly issues program list (for 2017 3<sup>rd</sup> Quarter) was uploaded two (2) days late; in addition, two (2) annual EEO public file reports (for 2015 and 2016) were uploaded from two to four months late during the current license term. (The 2017 annual EEO public file report was added to the public file when due as an exhibit to an EEO form report, but separately added to the Additional Documents section of the public file later.) RMPM regrets the brief delay in the upload of these items but believes that station's online public file is now complete and has been substantially compliant throughout the license term.
