City of License: Sandusky, OH
Channel: CH202D (88.3 MHz)
File No: BLFT-19991228ABN
Facility ID: 77850
Applicant: Bible Broadcasting Network, Inc.

Explanation of Translator License Modification Filing

This W202AW - Sandusky, OH (Facility ID: 77850) License Modification for BLFT-19991228ABN is being filed to notify the replacement of the formerly authorized SWR Model FMEC/1 (one bay) with an identical SWR Model FMEC/1 (one bay) antenna. As the constructed facility remains accurate to the underlying Construction Permit (BMPFT-19990827TA); this filing remains valid pursuant to 47 C.F.R. Section 74.1251(b)(2).

The applicant would like to note errors in the Transmitter Power Output (TPO) value were also observed during the antenna replacement process. Therefore, a corrected Transmitter Power Output (TPO) worksheet has been included herein. The corrected TPO value has been properly noted on this Schedule 350 License Modification Application.

Concerning RF Compliance for the replacement SWR Model FMEC/1 (one bay) antenna; as the identical antenna has been replaced herein, previously RF Compliance under BLFT-19991228ABN / BMPFT-19990827TA remains unchanged.

Regarding compliance with the NEPA, Nationwide Programmatic Agreement and NHPA Section 106 for tower co-location, compliance with the agreement is not required where no new tower construction is being proposed and the tower is not being substantially altered. Specifically, compliance is not necessary where only an antenna is being replaced on an existing structure, as here. However, should the Commission determine compliance is necessary, upon notification the applicant will file FCC Form 621.

No other License Modifications are requested at this time.
