WMDH-FM Request for Special Temporary Authorization

Radio License Holding CBC, LLC (“RLH-CBC”), licensee of Station WMDH-FM New Castle, Indiana (Fac. ID 74092), respectfully requests a Special Temporary Authorization (“STA”) to operate WMDH-FM at reduced power, pursuant to Sections 73.1635 and 73.1560(d) of the Rules.

RLH-CBC notified the FCC in its Notification of Reduced Power Operation that WMDH-FM was experiencing problems with its transmitter, which affected its licensed operation. As of June 9, 2022, the Station was operating at approximately twelve percent (12%) of its licensed effective radiated power. RLH-CBC’s engineers determined the cause of the transmitter problem(s) and ordered parts to repair the transmitter. RLH-CBC has not received a delivery date yet, however, its engineers intend to move swiftly to repair the transmitter once parts are received.

Accordingly, RLH-CBC respectfully requests a STA to permit operation at reduced power until the WMDH-FM transmitter is repaired. This will allow the Station to continue to provide service to its listeners in the New Castle area.
