**FCC Form 303-S
Online Public Inspection File**

In an abundance of caution, Station notes that its online public inspection file currently contains an up-to-date list of contracts in accordance with 47 C.F.R. § 73.3526(e)(5). Station's most recent Biennial Ownership Report (dated November 30, 2021) contained a list of such contracts; however, this list had not been separately uploaded as a standalone document to Station's online public inspection file. Station promptly remedied this issue upon its discovery.

Station takes seriously its obligations under the FCC's rules, including the online public inspection file rule, and it is taking steps to promote compliance going forward. Station is undertaking measures to ensure that all required documentation is uploaded to the online public inspection file by deadlines under the FCC rules and that all available documents remain up-to-date. Station has reviewed the filing requirements of 47 C.F.R. § 73.3526(e) with outside counsel and has reinforced those requirements with station staff.
