

FCC Form 303-S
E/I Symbol Certification

KFSF-DT airs the Bounce TV network on a multicast stream. In October 2016, Bounce notified the station that, due to a technical error, it aired two programs during the 4th Quarter 2016 without the requisite E/I symbol: *All In with Laila Ali* and *Everyday Health*. As the station reported in its 4th Quarter 2016 children's programming report, this network error occurred between October 1, 2016, to October 15, 2016. Bounce informed the FCC of this matter and established new processes to ensure the technical issue did not recur during subsequent quarters. Additionally, the affected programs were re-broadcast with the E/I symbol for six consecutive weeks beginning October 30, 2016, through December 3, 2016.
