Amendment to Request for Silent STA

Anointing Winds, Inc. (“Anointing”) is filing this amendment to the request for special temporary authority for KFAW-LD to remain silent due to problems beyond the licensee’s control to correctly report the date the station went silent. In its original filing, Anointing inadvertently listed the date the station went silent as August 20, 2022, a future date. As reflected elsewhere in the original filing, KFAW-LD went silent on July 20, 2022. This amendment is filed to correct that inadvertent error.
