

**Section 74.1204 – Statement of Compliance
AM Revitalization Auction 100 FM Translator
Long-Form Application Filing Window
NEW FM Translator Station Facility ID 203047
Tech Box Proposal FCC File No. BNPFT-20180131AEK
July 2019**

The instant “Long Form Application for FM Translator in Auction Window 100” is filed in response to the FCC’s Public Notice, DA 19-613, Released July 3, 2019, which identified the Applicant as the winning bidder for a new FM translator construction permit in Louisville, KY to rebroadcast Class B AM station WGTK Louisville, KY (Facility ID 63936). The Public Notice directed the Auction 100 winning bidder to file the complete Long Form application, which must be a minor change relative to the technical facility in the current Tech Box proposal, by midnight on August 2, 2019.

The instant application specifies the same transmit channels as the Tech Box proposal, and as demonstrated in Exhibit 10, the proposed 60 dBu contour overlaps the 60 dBu contour of the Tech Box facility. Therefore, the instant proposal is considered a minor change relative to the Tech Box proposal. Further, as shown in Exhibit 13, the instant proposal complies with the protection requirements set forth in Section 74.1204 of the FCC Rules.
