Withdrawal of Silent STA Exhibit**

KADO-CD, licensed to Word of Life Ministries, Inc. (Word), resumed operations at a reduced power of 40 percent on August 15, 2022. Previously, Word had filed an application for Special Temporary Authority (STA) to allow KADO-CD to remain silent while repairs were made to its transmitter and to the HVAC system in the tower where Word leases space. (FCC LMS 0000197157). Temporary cooling equipment brought in by the tower company, however, is now cooling the building sufficiently to allow the transmitter to run at reduced power until both the transmitter and the HVAC system are fully repaired. Therefore, Word is withdrawing its silent STA application and simultaneously filing a Reduced Power Notification.
