**License Renewal Amendment Exhibit**

Licensee Son Broadcasting, Inc. (Son), is amending KCHF License Renewal Application, LMS File No. 0000192612, as follows:

Amendment to Operating Parameters Exhibit

The Operating Parameters Exhibit originally submitted with KCHF's License Renewal Application (see original exhibit, Attachment A) reported that KCHF was then operating at its auxiliary facility pursuant to Special Temporary Authority (LMS File No. 0000190353) due to wildfires burning in New Mexico. Through this Amendment, Son is reporting that as of August 2, 2022, KCHF began operating at full power from its main transmitter site in Peralta Ridge, New Mexico. FCC staff was notified of this on August 8, 2022, and subsequently designated the STA as "Inactive."

Request to Renew Television Broadcast Station Auxiliary License

Secondly, Son is amending the KCHF License Renewal Application to request that the Commission renew KCHF's Television Broadcast Station Auxiliary License (LMS File No. 0000117570), which expires 10/01/2022, along with the KCHF primary License. (See Auxiliary License, Attachment B.)
