

**WBFG (FM)**  
**Channel 243A – 96.5 MHz**  
**6 kW ERP – 236.5 m AMSL**  
**Parker's Crossroads, Tennessee**  
September 2022

**Technical Statement**

The purpose of this instant application is to relocate WBFG (FM) Parker's Crossroads, TN to an existing tower (Antenna Structure Registration Number 1263491).

From the proposed site, the city grade contour of WBFG (FM) does not cover Parker's Crossroads, the community of license. Therefore, a supplemental method is being used to show city grade coverage utilizing §73.313(e).

This proposal is short spaced to KHLS (FM) Blytheville, AR and WMOD (FM) Bolivar, TN and will protect these stations through §73.215 processing.

The USGS 30 Second Terrain Database was used throughout this application.
