

**CERTIFICATE OF COMPLIANCE WITH COMMERCIAL LIMITS
THROUGHOUT LICENSE TERM**

Between 2Q 2014 and 4Q 2016, and in 3Q 2020, a portion of the the period applicable to WDAY-TV's (the "Station") pending license renewal application (LMS File No. 0000175740), the Station timely placed documentation provided by programming syndicators in its online public inspection file affirming that such syndicators' children's programming aired by the Station was designed for children ages 13-16 years old. The Licensee did not place material prepared by the Station/Licensee into the OPIF along with the programmers' documentation to separately confirm the statements reflected in the programmers' documentation for the above-referenced quarters.

As such, Forum Communications Company hereby certifies that the children's television educational programming it aired during the period referenced above, applicable to the pending license renewal application, was designed for children ages 13-16 years old.
