

MULTIPLE OWNERSHIP

WKJO(FM), Smithfield, NC, the station subject to the instant application, is located in the Raleigh-Durham, NC, Nielsen Audio Metro, as defined by Nielsen Audio and reported by BIA (the “Metro”).

Because WKJO(FM)’s community of license, Smithfield, NC (in Johnston County, NC), is located within the geographic boundaries of the Metro, compliance with the FCC’s local radio ownership rule is determined by the Nielsen Audio methodology, and the interim contour-overlap methodology does not apply.

The Metro information provided in this exhibit is reported by BIA as shown in the report attached in Exhibit A.¹

Total Stations in the Metro: 46

A total of **46** commercial and noncommercial educational full-power radio stations are located within or are reported by BIA as “home” to the Metro.

The foregoing number of total stations in the Metro does not rely on a change in the Metro’s geographic boundaries that has not been in effect for at least two (2) years, and each of the 46 stations either (i) has been designated as “home” to the Metro for at least two (2) years or (ii) has its community of license located within the Metro.

Total Attributable Stations in the Metro: 8 (5 FM’s / 3 AM’s)

Upon consummation of the proposed transaction, the Assignee and its attributable party will have attributable interests in the following **eight (8)** commercial full-power stations (**5 FM’s / 3 AM’s**) located within or reported by BIA as “home” to the Metro:

| Service | Call Sign | Location | Facility ID No. |
|---------|-----------|------------------|-----------------|
| FM (1) | WBBB | Raleigh, NC | 889 |
| FM (2) | WKIX-FM | Raleigh, NC | 4841 |
| FM (3) | WKJO | Smithfield, NC | 61259 |
| FM (4) | WPLW-FM | Hillsborough, NC | 22322 |
| FM (5) | WQDR-FM | Raleigh, NC | 9076 |
| AM (1) | WKIX | Raleigh, NC | 888 |
| AM (2) | WPTF | Raleigh, NC | 21630 |
| AM (3) | WQDR | Raleigh, NC | 61698 |

Other than the eight (8) stations listed above, neither the Assignee nor its attributable party have any attributable interests in any other full-power radio stations located in or “home” to the

Metro. Further, neither the Assignee nor its attributable party have any attributable interests in any other full-power station not listed above that was previously “home” to the Metro unless (i) such exclusion has been in effect for at least two (2) years or (ii) such exclusion results from an FCC-approved change in the community of license for a station from within the Metro to outside the Metro.

The Assignee Complies with the FCC’s Multiple Ownership Rules

Pursuant to Section 73.3555 of the Commission’s rules, in a Nielsen Audio market reported by BIA as having 45 or more commercial and noncommercial full-power radio stations, a party may have a cognizable interest in up to eight (8) full-power commercial radio stations, not more than five (5) of which may be in the same service.

Accordingly, the Assignee’s proposed combination of five (5) FM stations and three (3) AM stations in the Metro, which has a total of 46 commercial and noncommercial full-power radio stations, complies with the Commission’s multiple ownership rules. The Assignee does not have any attributable interests in any television stations.
