Mike,

Can you confirm that ARK Multicasting has been having regular meetings on a weekly basis with American Tower since the Fall of 2021 as we work towards the build of broadcast television assets that ARK manages?

More specifically, can you confirm that:

- American Tower provided site scrub information to ARK on 12/6/21, 1/14/22, 3/18/22, 3/22/22, 3/24/22, 4/25/22, 6/6/22, 6/15/22, 6/16/22, and 6/21/22.
- There were multiple occasions where additional information was needed following the initial site scrub, including landlord consent, USFS and BLM classification, ASRN number, and if there was leasable building space.
- ARK and American Tower have discussed moving stations to American Tower assets when problems have arisen with current tower sites.

Lastly, can you confirm that within the above dates and our ongoing weekly meetings, American Tower has been assisting ARK regarding locations available and project numbers for the following:
