

## **KTFK-DT Reduced Power Notification**

Unimas Sacramento LLC

Facility ID 20871 Ch. 26 850 kW

KTFK-DT's transmitter experienced component failures on Wednesday, Sept. 14, 2022. Repairs were enacted at that time to maintain legal power but on Thursday Sept. 22, other failures occurred preventing the ability to reach at least 80% power.

Current operation is at 74% power until parts are secured and repairs are implemented. It is anticipated that this reduction in power may extend beyond 10 days but not expected to extend beyond 30 days.
