Re: Request for Invoice Deadline Extension for
WRJK-LP, Arlington Heights, Illinois
Facility ID No. 68061
LMS File No. 0000199217

Dear Licensee,

On September 2, 2022, Chicago 22, LLC (Chicago 22 or Licensee), licensee of WRJK-LP, Arlington Heights, IL (Station or WRJK), filed the above-captioned application requesting extension of WRJK's invoice filing deadline¹ for the TV Broadcaster Relocation Fund (the Reimbursement Fund or Fund) from the third and final invoice filing assignment deadline of September 6, 2022, to a new invoice filing assignment deadline of October 31, 2022.² For the reasons discussed below, we grant the Request and extend the date of the Station's invoice filing assignment deadline to October 31, 2022.

Background. Pursuant to the Commission's direction, the Incentive Auction Task Force and Media Bureau set deadlines for final invoice submission to the Reimbursement Fund using a phased assignment approach.³ All repacked low-power television and translator stations were directed to submit remaining invoices and supporting documentation using the Reimbursement Form, and initiate interim close-out procedures, no later than September 6, 2022.⁴ We stated that we did not anticipate a need to grant extensions because the deadline was more than a year after the July 13, 2020, statutory end of the transition period and more than a year after the announcement of the invoice filing assignment deadline. We noted, however, that if an entity faced circumstances beyond its control, we could consider a limited

extension.⁵ An entity requesting such an extension was required to provide evidence that circumstances requiring the extension were outside of its control, such as local zoning or a force majeure event occurring proximate to the final submission deadline.⁶ We further stated that we would not grant extensions that do not provide the staff with sufficient processing time to complete close-out procedures for all stations.⁷ On August 4, 2022, we issued a final reminder to Fund entities that outstanding invoices must be filed by the September 6 deadline and that we did not anticipate further extensions of the invoice filing deadline, barring limited extensions requested by entities that are able to provide evidence that circumstances outside of their control, such as local zoning or a force majeure event occurring proximate to the final submission, would necessitate a limited deadline extension.⁸

Licensee contends that circumstances beyond its control warrant a brief extension of the September deadline. Licensee states it has been working diligently to convert WRJK to a digital facility but has encountered circumstances outside of its control that have delayed progress.⁹ Specifically, Licensee states that WRJK has endured a series of channel displacements in the congested Chicago market, resulting in moves from analog Channel 22, to digital Channel 24 to digital Channel 11, and most recently to digital Channel 36 (CDBS File No. BDISDTL-20120321ACG).¹⁰ The Commission granted that permit on January 4, 2022, and extended the construction deadline to August 29, 2022.¹¹ Licensee reports it has made recent substantial progress in constructing the Station, particularly with regard to its custom-built antenna (in July, Jampro projected a September 2022 completion date), with expected installation of the antenna on September 12, 2022.¹² Licensee concludes that a short extension of the invoice submission deadline — from September 6, 2022 to October 31, 2022 — is warranted.

Discussion. Upon review of the facts and circumstances presented, we find that sufficient circumstances exist to extend the Station's invoice filing assignment deadline from September 6, 2022 to October 31, 2022. The Station has demonstrated that circumstances beyond its control justify the extension. We also find that grant of the Request is not likely to negatively impact the staff's ability to process the Station's invoices or complete close-out procedures for all stations. We therefore conclude that the public interest will be served by grant of the extension. We strongly encourage the Station to diligently pursue submission of all remaining invoices and initiate close-out procedures as early as possible without waiting for the October 31, 2022 deadline. We remind Licensee that, pursuant to the Spectrum Act, the Station is eligible for reimbursement for costs "reasonably incurred . . . in order for the licensee to relocate its television service from one channel to the other."¹³ Additional expenses incurred,

such as expenses resulting from changes in a station's transition plan that are not related to the post-incentive auction channel change, may not be reimbursable from the Fund.

We caution the Station that we do not anticipate allowing further extensions of the final October 31, 2022 invoice filing deadline. A station's failure to complete any remaining construction in a timely manner and to make final submissions by the revised invoice filing deadline could preclude that station from receiving full reimbursement. Unobligated amounts in the Fund must be rescinded to Treasury and the Commission staff (with the support of the Fund Administrator) must have sufficient time to fully process all reimbursement requests and complete close-out procedures prior to July 3, 2023.¹⁴ The Fund Administrator will initiate close out procedures if the Station fails to initiate interim close-out procedures by the October 31, 2022 invoice filing deadline, and any unused allocations made to the Station's account will be returned to the Fund.

In consideration of the above facts, the request for extension of the invoice filing assignment deadline for Station WRJK-LP **IS GRANTED**. The invoice filing assignment deadline for the Station **IS MODIFIED TO October 31, 2022**.

Sincerely,

/s/
