Request for FM Translator Engineering STA

The proposed facility is excluded from environmental processing under 47. C.F.R. Section 1.1306.

Applicant certifies that neither applicant nor any party to the application is subject to denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. Section 862.

As of September 23, 2022: Licensee respectfully requests this STA for 6 months to allow Licensee to operate at variance with a one-bay antenna (as opposed to the two bay it is licensed with) pending replacement or modification. The antenna discrepancy was discovered during an ABIP inspection on the 23rd of September. Licensee is investigating best options given the pandemic supply chain constraints and budgetary concerns. It is in the public interest to allow Licensee to continue to operate and serve the local community with this variance.
