

**K287CB Glenwood, Iowa  
Request for Silent STA  
Extraordinary Circumstances  
October 4, 2022**

K287CB was taken silent on January 8, 2022 by the previous licensee, CSN, International. The licensee lost the primary programming source forcing the FM translator to go silent. K287CB was subsequently sold to Hickory Radio, LLC (“Hickory”), and the assignment was consummated on September 1, 2022.

Prior to grant of the assignment Hickory was notified that the licensed tower site for K287CB was no longer available. A minor modification application to relocate K287CB to a different tower site was filed on September 30, 2022 and is pending.

Due to the assignment process the previous Request for Silent STA expired on September 18<sup>th</sup>, 2022. Hickory is herein requesting a new STA which will allow K287CB to remain silent until the pending minor modification application is granted and construction completed.

Hickory intends to commence operations from the new tower site prior to the January 9, 2023 expiration date (360 days of silence).
