

**Online Public Inspection File Exhibit
Channel 5 Public Broadcasting, Inc.**

As a result of an administrative oversight, certain documents required by 47 C.F.R. Section 73.3527 were not uploaded to the station's online public file when required. However, as of this filing, the station's online public file is now complete.

Additionally, while preparing this license renewal application, it was discovered that certain Issues and Programs Lists from 2014 Q4 through 2017 Q4 and 2018 Q2 were inadvertently deleted from the station's online public file in July 2019. These Issues and Programs Lists have now been restored from the online public file "Recycle Bin" and the online public file shows the original upload dates for these Lists. Similarly, it was discovered that the 2015-2016 Annual EEO Public File Report was timely uploaded but then inadvertently deleted from the station's online public file in March 2017. This EEO Public File Report has now been restored from the online public file "Recycle Bin" and the online public file shows the original upload date for this Report.
