

### **Online Public Inspection File Certification**

In preparation for the license renewal process, the licensee discovered that a very limited number of documents may not have been uploaded in accordance with the timing requirements of Section 73.3526. For instance, out of almost 1,000 documents in the political file, less than five were uploaded late and those were all less than a week late. In addition, certain documents were uploaded late due to the unavailability of the public inspection file during the government shutdown from December 22, 2018 until January 25, 2019. To the Licensee's knowledge, other documents have been uploaded in compliance with Section 73.3526 in all material respects.
