

## Station KMGH-TV FCC Violations during the Preceding License Term

In its 2019 Political File Clarification Order,<sup>1</sup> the Commissioner determined that KMGH-TV's political file documentation had not identified all political matters of national importance addressed in a single advertisement and had not identified all officers of the sponsoring entity of that advertisement. The Commission determined not to take any enforcement action against KMGH-TV, finding that those obligations at issue had not been clarified prior to the occurrences addressed in the Order, and Scripps discloses this matter in this renewal application out of an abundance of caution.
