

REQUEST FOR SILENT STA

Applicant NRT Communications Group, LLC (“NRT”) requests a Silent STA. On September 8, 2022, the Bureau granted an STA to NRT to operate TV station KVAW, Eagle Pass, Texas from the station’s licensed site with previously authorized parameters while its renewal application is being evaluated. However, NRT has discovered that it needs new transmission equipment to fulfill its permitted operations. Accordingly, it has ordered such equipment, and expects delivery and installation to be completed in approximately three months. In the interim, the Station is now off the air.
