RE: Latino Media Network applications 0000194661, 0000194638, 0000194656 to purchase TelevisaUnivision radio stations

Dear Chairwoman, Rosenworcel and Commissioners Carr, Starks, and Simington:

On the behalf of the Alianza Center, I am writing in support of the Latino Media Network's applications to acquire 18 AM and FM radio stations in Florida, Texas, California, Illinois, Nevada, and New York from TelevisaUnivision.

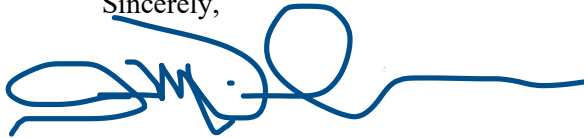

Based in Orlando, Florida, the Alianza Center serves the local Puerto Rican and Hispanic communities by designing and elevating thought leadership for our environment, community, and civic affairs. We pride ourselves on our collective efforts to advance the Latino community when it comes to sustainability, education, and self-determination. Our flagship effort, the Alianza Institute, trains the leaders of tomorrow through thoughtful programming that reflects the challenges a future leader might face.

For this reason, we strongly support the Latino Media Network in its acquisition of these radio stations. Our future leaders require opportunities to learn and grow from those around them, we believe that this transaction will allow for the leaders of tomorrow to thrive, grow, and learn from the leaders of today. Radio is a valuable medium for communication within the Latino community, our local community leaders know how important it is to alert the community of any news, cultural events, and civic opportunities that exist.

We ask you, the Chairwoman and Commissioners, to support our mission of developing future leaders and supporting the leaders of today. Stephanie Valencia and Jess Morales Rocketto have the Latino community's support for their strong leadership in ensuring that Latino radio stations will continue to thrive in the competitive media environment that we live in.

We thank you for taking the time to hear our opinions on this matter and we look forward to your support.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Marcos Vilar', with a long horizontal flourish extending to the right.

Marcos Vilar
