Online Public Inspection File Certification

RNN Boston License Co., LLC (“RNN”), licensee of the station that is the subject of the instant application (the “Station”), hereby certifies that except as described herein, the Station has timely placed in its online public inspection file all documents required to be placed in the file by 47 C.F.R. § 73.3526 and otherwise has complied with the Commission’s public inspection file requirements in all material respects.

On December 6, 2017, the license for the Station was assigned to the station’s current owner pursuant to a long form assignment of license application (BALCDT-20171004ABE). RNN notes that because of the long-form ownership change, the current owners are not liable for the violations of the prior licensee. However, out of an abundance of caution, RNN discloses that the previous licensee failed to upload the children’s programming commercial limits certification for the first quarter of 2016. In addition, under RNN’s ownership, the station inadvertently uploaded one issues/programs list (first quarter 2019) three months late.

The Station has not sold any political advertising over the past two years.
