

**Amendment to Request for Extension of Special Temporary Authority (Multicast Host Authorization)**

TEGNA Inc. ("TEGNA"), on behalf of its subsidiary TEGNA Broadcast Holdings, LLC ("Licensee"), licensee of television station WCCT-TV, Waterbury, Connecticut ("WCCT"), hereby amends its request to extend and amend WCCT's Special Temporary Authority, to the extent required, to broadcast its ATSC 1.0-formatted multicast channels via the facilities of two local television stations in connection with WCCT's conversion to broadcast transmission in the Next Gen Television (ATSC 3.0) standard.

As previously described, Licensee seeks to change the affiliation of its multicast channel 20.2, hosted on WFSB, from Court TV to Grit. Licensee files this amendment to update the Commission regarding Licensee's intended timing for this affiliation change. Subject to grant of this request and completion of other launch preparations, the change is expected to occur on or about December 19, 2022.
