

Recent Acquisition of Station License

Paducah Television Operations LLC (“Paducah Television”) acquired control of WLNE Providence License LLC, licensee of WLNE-TV, New Bedford, MA (Facility ID 22591) (the “Station”) on February 22, 2021 pursuant to grant of a long-form transfer of control application. *See* LMS File No. 0000130287. Accordingly, applicant’s renewal certifications cover only the period during which Paducah Television has held control of the Station’s license. In that regard, applicant notes that while the transfer of control occurred after the requirement to publicize the existence and location of Children’s Television Programming Reports was eliminated on January 21, 2020, applicant has answered “Yes” to the renewal application question regarding this requirement to reflect its compliance with the rules to the extent applicable.
