

FCC Form 303-S
Public Inspection File

WUNI(TV), Marlborough, MA (the “Station”) believes that it has generally met the requirement in Section 73.1943(c) of the FCC rules to post political orders to the online public inspection file “immediately, absent unusual circumstances.” The Station is not aware of any political spot for which it did not post information to the public inspection file. In an abundance of caution, the Station reports that, in April 2022, the Station received six candidate buys for Geoff Diehl for Governor and posted information on those buys to the public file 6 days after the contracts were finalized but before the flight commenced.
