Character Issues

Traverse City (WGTU-TV) Licensee, Inc. ("Licensee"), licensee of WGTU, Traverse City, MI (Facility ID 59280), believes it has correctly answered "Yes" to the legal certification regarding character issues, as no character issues have been raised against Licensee or any party to the application in response to any pending applications and no character issues have been left unresolved or resolved adversely against Licensee or any party to the application. Out of an abundance of caution, however, Licensee is including this exhibit to note that a Petition to Deny has been filed against the license renewal application of a station licensed to a commonly owned entity (see File No. 0000115578), which remains pending.
