

Next Generation TV Multicast Statement

CBS Television Stations Inc.

WFOR-TV Miami, Florida

Facility ID 47902

CBS Television Stations Inc. (Paramount), licensee of WFOR-TV Miami, FL (Facility ID 47902), respectfully requests authorization to commence ATSC 3.0 operations from host facility WTVJ(TV) Miami, FL (Facility ID 63154).¹

The FCC rules permit ATSC 1.0 stations to request approval to transition to the ATSC 3.0 “Next Generation” television standard. This statement shows that the proposed WFOR-TV operation would comply with the coverage requirements in the rules.

Paramount is proposing to continue broadcasting WFOR-TV programming from the existing ATSC 1.0 facility that operates on channel 22.² A substantially similar ATSC 3.0 simulcast of WFOR-TV is proposed to operate on channel 31 via Lighthouse station WTVJ, which will serve as the host. As the host and guest stations are both licensed to Miami, FL and are located within the Miami-Ft. Lauderdale DMA[®], continued coverage requirements of the ATSC 1.0 and 3.0 signals are assured.³
