

**WNIB-LD, Rochester, NY (Fac. Id. 67785)**  
**License Renewal Application**  
**Minimum Operating Schedule Explanation**

Due to major structural modifications that were necessary for WNIB-LD's tower, the station had to temporarily cease operations from September 3, 2020 to February 24, 2021 and did so pursuant to silent temporary authority 0000121170. During that time, it was not possible to adhere to the minimum operating schedule required of low power television stations, and the station was silent for more than 30 days.
