Request for Change in Input Signal for FM Translator
K257FX, 99.3 MHz, CH 257, FAC ID 139340

Dear Ms. Dortch:

On behalf of IHM LICENSES, LLC, the licensee of FM Translator K257FX, we hereby notify the Commission of a need to correct the primary station for a licensed translator facility which applies to all pending/recently granted translator applications. A contour map is attached for this fill-in translator, receiving input signal delivery via internet. The correct input signal for this translator originates from KISC-FM HD-2 (Facility ID 60419). We would appreciate if the Commission, at this time, would update the file on this translator.

Please direct any communications regarding this request to the undersigned.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "Troy G Langham".
