

Family Stations, Inc.

Facility ID 87050, KFRY, Pueblo, CO

License to Cover - LMS application 0000188759

The LMS application 0000187759 was filed to correct geographic coordinates and slight height adjustments to radiation center above ground level and above mean sea level. The following were applied for: 38-02-31.4 N, 105-11-13.1 W, Ground Elevation 3520 meters, RCAGL **16** meters, RCAMSL **3536**; any auto-populated information in the application not equal to the same should be disregarded.

The facility complies with all applicable regulations related to interference and requisite spacings. No full-service TV Channel 6 was located within the threshold distance.

No changes in the operating facility were proposed.

The applicant did not propose an antenna change.
