

**Notification of Reduced Power Operation**  
**and Request for Special Temporary Authorization**  
NCE Station KTNE-FM, Alliance, NE (Facility ID 47961)

Pursuant to Sections 73.1560(d) and 73.1635 of the FCC's Rules, Nebraska Educational Telecommunications Commission ("Licensee"), licensee of noncommercial educational radio Station KTNE-FM, Alliance, Nebraska, notifies the FCC of the temporary reduced power operation of KTNE-FM and respectfully requests Special Temporary Authorization ("STA") to maintain the reduced power status for more than thirty (30) days.

Station KTNE-FM has been operating at approximately 65% of its authorized power levels since February 8, 2023 due to technical issues involving the station's antenna. The Licensee has arranged for a tower crew to work on repairs but conditions beyond the Licensee's control, including inclement weather, are presently delaying the project. A grant of reduced power STA will therefore serve the public interest by authorizing the licensee to maintain, without interruption, the station's current noncommercial educational radio operation for its local community pending completion of the facility repairs.

Nebraska Educational Telecommunications Commission is a governmental entity and a noncommercial educational broadcaster and operates KTNE-FM on a noncommercial educational basis. The licensee and station are therefore exempt from FCC fee requirements pursuant to Sections 1.1116 and 1.1162 of the Commission's Rules.
