

Explanation of Transaction; Changes In Interests; Use of Short Form Application

The instant application seeks the FCC's consent to the voluntary pro forma assignment of the broadcast licenses of stations WHDT-LD, Boston, Massachusetts (FIN: 59488) and WHDN-CD, Naples, Florida (FIN: 25538) from Guenter Marksteiner, an individual, to The Guenter Marksteiner Revocable Trust (the "Trust"), of which Guenter Marksteiner will be the sole Trustee at closing. These actions are taken for estate planning purposes.

Under the law of the State of Florida, a revocable trust is, as its name suggests, revocable by the grantor during the life of the grantor. By virtue of his ultimate power during his lifetime to revoke the Trust and his power as Trustee under the Trust, Mr. Marksteiner will remain in 100% control of the above FCC licenses both before and after the consummation of the transaction proposed herein. Accordingly, the use of summary procedures on Form 2100, Schedule 316 are appropriate.

At the time of closing on the transaction, the Trust document will provide for a successor Trustee in the event that Mr. Marksteiner does not exercise his right to revoke the Trust prior to his death or incapacity. Upon Mr. Marksteiner's death or incapacity, under Florida law, the successor trustee will assume the Trustee role with authority over the assets of the Trust as provided for in the Trust documents, without need of additional legal process.

Filing of Contract Governing Transaction

Each of the Assignor and the Assignee has certified that the contract placed in the stations' public inspection file is complete and complies with the FCC's rules. It is noted that there is no contract governing this transaction apart from the trust formation document, which will be submitted to the FCC via an amendment and at that time will be available in the WHDN-CD online public inspection file.

Other Broadcast Interests

Mr. Marksteiner is also the licensee of low power television stations WXDT-LP, Naples, Florida (FIN: 25537) and WZDT-LP, Naples, Florida (FIN: 25539). Simultaneously with the instant transaction, the licenses of WXDT and WZDT will be assigned to Fort Myers DTV, LLC, an LLC to be held 100% by the Trust upon closing.
