

## **EXHIBIT 1**

### **Notification of Temporary Suspension of Operations**

NCE TV Translator Station K21OW-D, Lordsburg, NM (Facility ID 55483)

Regents of New Mexico State University (“NMSU”), licensee of TV translator station K21OW-D, Lordsburg, New Mexico, notifies the Commission of the station’s temporary suspension of operations. Translator station K21OW-D has been silent since February 24, 2023 due to technical (signal delivery) issues, after the transmission antenna facility for co-owned TV translator K28LK-D (the signal for which feeds K21OW-D) was rendered inoperable due to the collapse of K28LK-D transmitting tower on February 23, 2023. NMSU will submit a separate application for Silent Special Temporary Authority should the K21OW-D off-air status of extend for thirty (30) or more days, or will notify the FCC when the translator is able to resume operations.
