

K28LO-D
Amended Adherence to Minimum Operating Schedule Exhibit
Oregon Public Broadcasting

K28LO-D, Paisley, Oregon, Facility ID No. 129759, was silent pursuant to Special Temporary Authority from April 14, 2021, until September 15, 2021. *See* LMS File No. 0000143681 (Silent STA Request granted Apr. 28, 2021).

On April 14, 2021, K28LO-D was forced off the air resulting from the failure of both (1) K28LO-D's transmitter and (2) Oregon Public Broadcasting's (OPB) Paisley, OR, receive antenna pre-amp.

OPB installed a new transmitter and a notch filter (which was delayed due to supply chain issues) and on September 15, 2021, OPB was able to return K28LO-D to air. On September 28, 2021, OPB filed a Notice of Resumption for Regular Operations for K28LO-D (LMS File No. 0000160761).
