

Suspension of Operations and Silent STA Request - W18DQ-D

W18DQ-D, Facility ID 181871, Santa Isabel, PR, hereby notifies suspension of operations as of March 13, 2023 and requests a two-month Silent STA, as the station is being relocated to a new site, for which it got FCC CP authorization. Given the need to uninstall the existing facility, acquire some additional hardware and install the necessary equipment at the new site, a two-month Silent STA is requested. Should the station be able to construct the CP of the proposed new facility and return W18DQ-D on the air sooner, it will notify the FCC and file for license as soon as possible.
