Full Power FM Digital Notification Application

1

Call letters: WSNY(FM) .L
City of License: Columbus, OH
Channel: CH234B (94.7 MHz)
File No: BLH-19850605KO
Facility ID: 22339
Applicant: Franklin Communications, Inc.

Explanation of Schedule 335 Full Power FM Digital Notification Application

This Schedule 335 Digital Notification filing is intended to replace former WSNY(FM) - Columbus, OH (Facility ID: 22339) Digital Notification BDNH-20060630DFM.

The Licensee certifies that, except for digital power, its facilities conform to the iBiquity Digital Corporation hybrid specification.

The Licensee certifies its analog effective radiated power will remain as authorized after commencement of digital operations.

Licensee certifies that its interim digital operation will not cause human exposure to radio frequency radiation in excess of the limits for maximum permissible exposure specified in Section 1.1310 of the Commission's rules, and it is therefore categorically excluded from environmental processing pursuant to Section 1.1306(b) of the Commission's rules. Applicant certifies RF Compliance with the attached study.

Regarding compliance with the NEPA, Nationwide Programmatic Agreement and NHPA Section 106 for tower co-location, compliance with the Agreement is not required where no new tower construction is being proposed and the tower is not being substantially altered. Specifically, compliance is not necessary where only a digital FM service is being diplexed into an existing antenna and feed-line, as here. However, should the Commission determine compliance is necessary, upon notification to the applicant, the applicant will file FCC Form 621.

Regarding operation with the -16 dBc (2.5% analog) digital power, the applicant certifies it complies with FCC Order DA 10-208, "*Digital Audio Broadcasting Systems and Their Impact on the Terrestrial Radio Broadcast Service*" (MM Docket No. 99-325), released January 29, 2010; and Paragraph 20. Operation with up to -16 dBc (2.5% analog power) below carrier is allowable with no need for further showing.

CERTIFICATION OF TECHNICAL CONSULTANT: *I declare, under penalty of perjury, that the contents of this report are true and accurate to the best of my knowledge and belief. I further certify I have over twenty-four years of experience as a broadcast technical consultant before the Federal Communications Commission ("the FCC"); and am familiar with the Code of Federal Regulations Title 47 ("the Rules") as pertaining to this report and its contents herein. The underlying data utilized in this report was taken directly from FCC databases or indirectly through third party software vendors securing data directly from FCC databases. This firm cannot be held liable for errors or omissions resulting from the underlying data. The information contained herein is believed accurate to the date reported below.*
